

COMPANY OVERVIEW

TLF Nexus Group LLC is a veteran-owned small business specializing in comprehensive public safety, emergency response, and security solutions. We serve public agencies, municipalities, and private organizations with over 30 years of founder expertise in equipment sourcing, emergency training, and safety consulting. Our mission is to enhance community safety through tailored solutions and proven emergency preparedness strategies.

CORE COMPETENCIES

- **Emergency Equipment Supply:** Complete sourcing and procurement of fire safety equipment, PPE, suppression systems, and specialized emergency response gear for first responders and organizations.
- **Fire Safety & Emergency Training:** Professional training programs including fire response, hazmat certification, emergency drills, and hands-on simulation exercises using state-of-the-art training props.
- **Safety Consulting & Emergency Planning:** Strategic emergency response planning, continuity of operations (COOP) development, safety assessments, and regulatory compliance consulting.
- **Security & Inspection Services:** Comprehensive security consulting, safety inspections, equipment assessments, compliance audits, and vulnerability evaluations for critical infrastructure.

RECENT PROJECTS

City of Cleveland, Ohio

- **Fire Safety Infrastructure Assessment:** Conducted comprehensive inspection of Fire Department Training Fire Tower to ensure structural integrity and operational safety compliance for training operations.
 - **Fire Department Equipment Modernization Program:** Awarded multi-unit industrial equipment contract, delivering Speed Queen commercial-grade dryers across multiple fire station facilities to enhance operational efficiency and meet departmental infrastructure standards.
 - **Fire Station Facilities Upgrade Contract:** Selected as primary vendor for commercial kitchen equipment procurement program, supplying Amana professional-grade microwave systems to support critical fire station operations and personnel readiness.
-

DIFFERENTIATORS
